Important Shelter Forms & Systems

As one might expect, there are more than a few forms and guides involved in the opening, operation, and closing of a Red Cross Shelter. All of them are available in OneSource, but the below the list of direct links below may simplify the process. The links are all clickable and should take you to the relevant element directly though some will require you to log in. We have also provided links to the SCIA platform and our interpretation app for convenience.

SCIA Links

SCIA Sandbox link used for practice

SCIA Active link ONLY for use in real shelters

Real Time Translation App for Phones

Realtime Interpretation App
